## Webinar – On-Demand Web Link

### **Business Account Takeover Alert: What You Need to Know Now!**

**Wednesday, February 22, 2012**

**2 - 3:30 p.m.**

Do you know how the latest cyber-attack vectors are successfully defeating standard authentication controls and putting your business customer's financial transactions and NPI at risk? Now is the time to educate key personnel involved with cash management, treasury management, IT, and information security on the latest trends in online banking risk management and compliance strategies. Learn how new strategies and additional layers of authentication controls mitigate risk to commercial account takeover, improve your financial institution's overall security posture, and meet the recent FFIEC Supplementary Authentication Guidance compliance objectives.

#### HIGHLIGHTS

- Understand the steps involved with Commercial Account Takeover and the new ways that sophisticated criminals are bypassing controls
- How to create internal strategies for your bank to stay one-step ahead of current and future cyber-attacks
- Learn the best ways to educate business customers on their role in protecting financial transactions and NPI
- Inform personnel about available resources to strengthen security strategies

#### WHO SHOULD ATTEND?

This informative session is designed for cash management staff, treasury management personnel, information security officers, IT administrators, and operations personnel.

#### ABOUT THE PRESENTER

**Jacqueline Marshall is director of IT regulatory compliance for Gladiator Technology.** She is responsible for developing and maintaining IT regulatory compliance-oriented products and services for financial institutions throughout the nation. With more than 25 years' experience in the financial services field, Marshall is a recognized expert who guides clients through state and federal compliance regulations, industry standards, and audit recommendations for IT and security issues. Marshall speaks on a wide range of topics including regulatory compliance; mitigating risk and meeting regulatory expectations for remote deposit capture; the "new" information security officer; incident response plan testing; and social media risks. In addition, she authors *Compliance Trends*, a Gladiator newsletter, and has published numerous articles.

#### NEW! THREE REGISTRATION OPTIONS

##### 1. LIVE WEBINAR

The LIVE WEBINAR registration option allows you to have one telephone connection for the audio portion and one internet connection (from a single computer terminal) to view online visuals as the presentation is delivered. You may have as many people as you like listen from your office speaker phone. Registrants receive a toll-free number and pass code that allows entrance to the seminar. The session is approximately 90 minutes, including question and answer sessions. Seminar materials are sent prior to the broadcast along with hookup instructions. Your pin number, hookup instructions, and handouts are e-mailed to you. You need the most current version of Adobe Acrobat Reader available free at [www.adobe.com](http://www.adobe.com).

##### 2. ON-DEMAND WEB LINK\*\*

Can't attend the live webinar? The ON-DEMAND WEB LINK\*\* is a recording of the live event including audio, visuals, and handouts. We even provide the presenter's email address so you may ask follow-up questions. Within five business days following the webinar, you are provided with a web link that can be viewed anytime for the next six months. This link expires six months after the live program date.
